## COOCHIEMUDLO ISLAND COASTCARE UPDATE

Just a reminder that Dunecare will be this Saturday, 5 March 2016 from 2.30-4.30 pm along the Melaleuca Wetlands Beach and east of the track. We'll be weeding, re-profiling the dunes and picking up litter. Come and join the fun!

Afterwards, there's the usual chat and news update over afternoon tea.

We look forward to catching up with as many members as possible. If you want to lend a hand please wear appropriate clothes, covered shoes and a hat, sunscreen and insect repellent

Alternately, please drop by where you see the Coastcare flags flying at the southern entrance to the Wetlands in James Street

A **special invitation to younger members** of the community to join our Coastcare Ranger program. It's a fun outdoors activity where you'll learn about the island environment and how to take care of it.

Further details please contact Heather Smith on mobile 0433667315 or Lois Toop on mobile 0408 180 630
