COOCHIEMUDLO ISLAND COASTCARE UPDATE

Dunecare Reminder Saturday 6 February from 2.30-4.30 pm

We look forward to catching-up at the southern entrance of the Melaleuca Wetlands (James Street) where the Coastcare flags fly.

Please wear hat, long-sleeved shirt, long pants, covered shoes, insect repellent and sunscreen. BYO water. Refreshments and chat to follow. Any queries please phone Vivienne on 0411226363. Newcomers are always welcome to join the friendly crew tending the dunes and weeding the wetlands.

Our **Junior Rangers program** kick starts year at the same time. We encourage families to bring their children or grandchildren along to participate in our monthly Dunecare activities, where they'll learn about our special Island environment and how to take care of it. Clothing requirements same as the adults.

Focus for February is on "treading lightly" and the importance of disturbing the natural environment as little as possible. The session will be led by Bruce Wollstein. If you would like to find out more about the Junior Coastcare Rangers, please contact **Heather Smith 0433 667 315** or **Lois Toop 0408 180 630**, lois@bbgroup.com.au
