News Update

June 2019

This edition includes reports from the Annual General Meeting, next week's Dunecare plus information on up-coming Coastcare activities.

Rain assists planting

Perfect planting conditions yesterday as contractors, Tali, Jono and Anna from Bushtekniq braved some torrential downpours to bed more than 400 grasses and ground-covers under the watchful eye of QYAC Cultural Heritage Monitor, Frankie Kucirek

The revegetation of the beach access north of the Melaleuca Wetlands finalised works for the 2019 financial year on our last Landcare project supported by Healthy Land and Water.

The project also involved closure of informal access tracks, erosion control and stabilisation of the beach access with imported sand.
